### KickAss Portable Camping Hot Water System

Portable camping hot water system.

Includes gas-powered water heater and a hose and regulator to connect to a gas bottle.

SKU:KAHWGAS

Dates sold: 20 July 2019 – 17 July 2023

**Why the product is recalled:** The gas regulator and hose assembly supplied with certain Kickass Portable Camping Hot Water Systems have a rubber seal at the appliance connection point. The rubber seal may fall out and if it is not present when connected, it will create a gas leak.

**Hazard:** There is a risk of injury or death caused by fire if gas leaks from the water heater.

1. Consumers should stop using the water heater immediately and visit <https://supportportal.kickassproducts.com.au/recall/> to confirm whether they have an affected product. Consumers can then enter their address details and KickAss Products will send a replacement.
2. If consumers are unable to return the product, or have sold or gifted it to another person, phone KickAss Products on 1300 895 792.

For more information, contact KickAss Products by phone on 1300 895 792 during business hours or visit:
