### Ironman 4x4 — Pro Forge Upper Control arm

Forged aluminium aftermarket suspension component fitted with rubber bushes and a steel ball joint, used in 4WD upgrades.

Part number: UCA001FA

Dates sold: 1 January 2019 – 23 June 2023

**Why the product is recalled:** Contaminants such as dirt and road grime may enter the ball joint housing through the rubber boot, causing premature wear and failure.

**Hazard:** There is a risk of serious injury or death if the control arm fails and causes a loss of steering, which could lead to the vehicle crashing.

Consumers should immediately contact an Ironman 4x4 store or authorised reseller to arrange a free inspection and repair (ball joint replacement) or replacement of the control arm.

For more information, call 1300 731 137 or email [recall@ironman4x4.com](mailto:recall@ironman4x4.com).
