

Product Safety Recall

Do you own this product?

Hardkorr Pty Ltd - U-LITE™ dual colour LED lanterns with inbuilt lithium battery & 4 Pack U-Lite Varieties

A portable rechargeable lantern with an inbuilt lithium battery. The lantern has magnets and an elastic strap for mounting. It has several light modes including bright white, medium white and orange.

The lanterns were sold in single and 4-pack options.

Only models with the USB-C charging ports are being recalled. Models with the micro-USB charging port are not affected by this recall.

Dates sold: 4 November 2023 – 5 February 2024

Why the product is recalled: Recalled lanterns are missing an internal layer of foam insulation which may result in an electrical short circuit. The risk of an electrical short circuit occurring is higher if the lantern is being charged.

Hazard: There is a risk of serious burn injuries if the recalled lantern short circuits and causes the product to overheat and catch fire. The risk of incident occurring is higher when the lantern is being charged.

Consumers should stop using and charging the product immediately.

Consumers should contact Hardkorr to arrange a full refund or replacement free of charge.

Consumers can contact Hardkorr on 07 3801 8332 or by emailing info@hardkorr.com
