## Electrical Safety Recall

**Bose Pty Limited**  
**Certain Acoustimass®,**  
**Lifestyle® and**  
**Companion™ bass**  
**modules**

### Identification:

Bose bass modules manufactured before April 1, 2006 and sold as part of certain Acoustimass®, Lifestyle® and Companion™ home theatre speaker systems.

The components are black or white.

Sold by authorised Bose retailers.

### Why the product is recalled.

#### Hazard:

Electrical parts within the bass modules may crack and fail which can lead to a short circuit and overheating. There is a risk of fire and electric shock if a short circuit occurs.

#### Action required:

Consumers with an affected bass module should immediately stop using the module and unplug it from the electrical outlet. Consumers should visit: [https://www.bose.com.au/en\\_au/support/bm\\_safety\\_service.html](https://www.bose.com.au/en_au/support/bm_safety_service.html) for instructions on how to return their affected bass module for repair free of charge.

### For further information

Consumers can obtain further information at [https://www.bose.com.au/en\\_au/support/bm\\_safety\\_service.html](https://www.bose.com.au/en_au/support/bm_safety_service.html) or by telephone on 02 72556528
