Defect The Sunglasses do not comply with the labelling requirements of the 'Consumer Protection Notice No. 13 of 2003 – Consumer product safety standard: Sunglasses and fashion spectacles'.

The products may be missing required labelling identifying the lens category and relevant description, which indicates the amount of UV radiation protection provided by the glasses.

Hazard Consumers need to be informed through labelling what level of protection the sunglasses provide. The incorrect level of protection can result in vision impairment or exposure to very high levels of sunlight.

What to do Consumers should contact their nearest Oscar Wylee retail store to receive the required labels.

Contact details For more information, consumers should contact Oscar Wylee via email at info@oscarwylee.com or phone on 02 8355 6479.
